

SCALAR ENERGY FOR THE WORLD...

The testimony below is from a man that was infected with herpes simplex virus type 1 for years. The Scalar Light Pathogenic Cleanse exclusively administers Scalar Light upon photographs of people, animals, plants or objects. There are no in-person scalar light sessions.

"I'm ecstatic to report that HSV1 was NOT detected in my body! This is amazing as this is not supposed to be possible! Anyway, I'm amazed that I'm finally free of that awful disease and I know I won't give it to anyone. I'm sorry that I couldn't totally believe you before but I do have to be weary as I bought into a few things that didn't work before. I did notice that the intense amount of pressure in my cheeks calmed down significantly right on the first day of treatment. Still I wasn't totally sure as symptoms still came and at times were strong. This test is total confirmation and shows something important for you. If it took a scientific test to make me totally believe then it's likely many other people will think the same way. After all you are trying to get people to believe in what society thinks is impossible. It will take science to prove people, I think. With that said I give you and your movement permission to use the DNA test results I attached to be used for your purposes."

The Scalar Light Pathogenic Cleanse exclusively administers Scalar Light upon photographs of people, animals, plants and objects. In so doing, the molecular bonds of the herpes virus negate. Subsequently, the symptoms of the herpes virus diminish and disappear over a period of time. May God grant your excellent health. Thank you.
